

ADDED TRAIN SERVICE BRINGS VALLEY NEARER

C. & O. President Concur in
Plan of Officials of
Commerce Chamber.

COMMITTEES ARE
BENEFITED

Produce of Valley of Virginia May
Be Diverted to Richmond Markets
Instead of Baltimore and Wash-
ington, as in the Past.

Two additional trains between
Clifton Forge and Richmond and
an additional through Staunton sleeper,
operated in both directions between
that city and Staunton, were secured
as a result of a conference yesterday
between J. J. Marouse, Chamber of
Commerce president, Julien H. Hill,
vice-president, and W. T. Dabney,
business manager, with President
William J. Harahan, of the Chesapeake and Ohio Railway. The traffic
and advertising committees of the
Chamber of Commerce met yester-
day and received the report of the
special committee which laid the
subject before President Harahan.

The latter assured the special com-
mittee that this additional service
would be in effect on June 4.

Efforts of the chamber to secure
these additional trains were occa-
sioned by the recognized need for
bringing the Valley of Virginia into
closer touch with the capital city,
not only as a benefit to the large
number of commuters, whose homes
are located along the C. & O. line,
but to open this market to the Valley
products as well as to local shippers.
It was pointed out that it will now
be possible for express shipments of
perishables to be made here, whereas
formerly practically all of the pro-
duce of the Valley country
has been forced into the Washington
and Baltimore markets.

Under the recommendations of the
chamber committees, which have
been approved by the railway pres-
ident, the train leaving here at 7:25
in the morning now will continue to
Clifton Forge and, returning, will
arrive in Richmond at 7:30 a. m.
In the evening, each of these trains
formerly has had Charlottesville as
terminal.

The through sleeper will be at-
tached to the train leaving Rich-
mond at 9:30 o'clock in the evening
for Charlottesville. It will be picked
up there by the early west-bound
local and covered to Staunton, ar-
riving about 9 o'clock. Returning,
the sleeper will leave Staunton at
9 o'clock in the evening, for Char-
lottesville, where it will be attached
to the through train which reaches
Richmond at 8:30 o'clock in the
morning.

Nomination in Seventh District,
Opposing T. W. Harrison.

State Senator N. B. Early, Jr., an-
nounced yesterday that he will be a
candidate for the congressional nom-
ination in the Seventh District, in
opposition to Representative T. W.
Harrison, who is already in the race
for re-election. Mr. Early said his
formal announcement would be made
Saturday, at which time he would
pay the fee and file the customary
legal notice of his candidacy.

In the campaign of six years ago
Senator Early was in a triangular
contest for the congressional honor,
and though he carried six out of the
ten counties in the district, he met
defeat. The primary will be held in
August.

Point Jitney Regulation Measure.
The proposed jitney regulation or-
dinance, as recommended by the
Council Committee on Ordinances, has
been printed and distributed to every
member of City Council. It is quite

next week to act on the measure, in
time to secure final action by Com-
mon Council at its June meeting. The
ordinance fixes five routes, covering
the West End, Church Hill, South
Richmond and Fulton, and provides
for protection to the public through
an insurance policy and takes care of
515 jitneys.
